Asian African Society of Mycobacteriology
The International Journal of Mycobacteriology

EDITORIAL BOARD

EDITOR IN CHIEF
A. A. Velayati
Professor of Pediatric Infectious Diseases, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

ASSOCIATE EDITOR
P. Farnia
Associate Professor of Medical Microbiology, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

MEMBERS

M. Bose
Professor of Biology/Microbiology, Department of Microbiology, V.P. Chest Institute, University of Delhi, India

P. Boulahbel
Professor of Biology/Microbiology, Laboratoire National de Référence, Tuberculose et Mycobactéries, Institut Pasteur d'Algérie, Dèby Brahmi, Algiers, Algeria

P. J. Cardona
Professor of Biology/Microbiology, Experimental Tuberculosis Unit, "Germania Tras i Pujol" Institute (IGTP), Badalona, Catalonia, Spain

D. M. Cirillo
Professor of Biology/Microbiology, Emerging Pathogens Unit, WHO Collaborating center, San Raffaele Scientific Institute, Milan, Italy

A. Giesen
Professor of Biology/Microbiology, Sudan National Tuberculosis Program (NTP), Khartoum, Sudan

J. Falkingham
Professor of Microbiology, Department of Biological Sciences, Virginia Polytechnic Institute and State University, Blacksburg, USA

A. Eral
Associate professor of Biology/Biotechnology, Genome Sequencing & Analysis Program, The Broad Institute of MIT & Harvard, Cambridge, USA

Po Farnia
Assistant Professor of Biotechnology, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

A. El Issy
Professor of Biology/Microbiology, Sudan National Tuberculosis Program (NTP), Khartoum, Sudan

G. R. Forouzeh
Professor of Biology/Agriculture, Center of Strategic Research, Tehran, Iran

J. Ghani
Associate Professor of Surgical—Medicine, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

S. Al-Hejo
Associate Professor of Biology/Microbiology, Tuberculosis Research Unit, King Faisal Specialist Hospital and Research Center, Riyadh, Saudi Arabia

R. Hasan
Professor of Biology/Microbiology, Department of Pathology/Microbiology, Aga Khan University, Karachi, Pakistan

S. Hoffner
Professor of Biology/Microbiology, WHO Supranational Tuberculosis Reference Laboratory, Department for Preparedness, Karolinska Institute and Public Health Agency of Sweden, Stockholm, Sweden

M. Kazempour Dizaghe
Assistant Professor of Biostatistics, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

G. Matar
Professor of Biology/Microbiology, Department of Experimental Pathology, Immunology and Microbiology, Faculty of Medicine, American University of Beirut, Beirut, Lebanon

G. B. Migliori
Professor of Biology/Microbiology, WHO Collaborating Centre for Tuberculosis and Lung Diseases, Care and Research Institute, Trdinate, Italy

S. Milani
Professor of Biology/Microbiology, Department of Mycobacterium Research and Reference, Research Institute of Tuberculosis, Japan Anti-Tuberculosis Association, Tokyo, Japan

M. Mohanad Ahmed
Professor of Medical Microbiology, Department of Microbiology, College of Medicine, University of Karbala, Karbala, Iraq

I. Mokrousov
Professor of Biology/Microbiology, Laboratory of Molecular Microbiology, St. Petersburg Pasteur Institute, St. Petersburg, Russia

S. Niemann
Professor of Biology/Microbiology, Molecular Mycobacteriology Group, Research Center, Borstel, Germany

J. M. Nguta
Assistant Professor of Biology/Microbiology, Department of Public Health, Pharmacology and Toxicology, Faculty of Veterinary Medicine, College of Agriculture and Veterinary Sciences, University of Nairobi, Nairobi, Kenya

N. N. Poleschuk
Professor of Biology/Microbiology, The Republican Research and Practical Centre for Epidemiology & Microbiology, Minsk, Belarus

N. Rastogi
Professor of Biology/Microbiology, Tuberculosis and Mycobacteria Unit, Institut Pasteur de la Guadeloupe, Monte-Joanville, Guadeloupe

M. Riell
Professor of Biology/Microbiology, Institute of Biomedicine, Head of Department of Microbiology and Immunology, Göteborg, Sweden

L. Titov
Professor of Biology/Microbiology, Centre for Medical Microbiology, Hampstead Campus, Royal Free & University College Medical School, University College London, London, United Kingdom

M. Varsham
Professor of Biology/Microbiology, Department of Clinical and Experimental Microbiology, The Republican Research Practical Centre for Epidemiology and Microbiology, Ministry of Health, Republic of Belarus

E. Tortoli
Professor of Biology/Microbiology, Emerging Bacterial Pathogens Unit, San Raffaele Scientific Institute, Milan, Italy

M. Varsham
Assistant Professor of Laboratory Medicine, Mycobacteriology Research Center, National Research Institute of Tuberculosis and Lung Disease (NRTLID), Shahid Beheshti University of Medical Sciences, Tehran, Iran

G. K. Zhavnerko
Professor of Biophysical Chemistry, Chemistry Department, Institute for Chemistry of New Materials, Belarus National Academy of Sciences, Minsk, Belarus.
